Newsletter – March 2008

Car Parking and Dropping / Off collection at the start and end of the day

Please may I remind all drivers that it is a great help to our good relations with local residents if cars are parked with consideration to other drivers, pedestrians and access to homes.

Please note also that parents are asked **NOT** to bring vehicles onto the school site to drop pupils off. Please drop off at the school gate so pupils can walk up the drive safely.

W. R. Spear
Deputy Headmaster

We are Greener Life. We are 12 - 13 year old children in year 8. Our aim is to encourage people in the local area to eat healthier and to reduce CO2 emissions etc. We are

trying to make people aware of the environment and health in the near future.

How can you help save the environment?

- You could walk place instead of using the car.
- You could ride a bike.
- You could use a public service.
- Car share to school/work.
- Use other forms of energy not fossil fuels.

How can you eat healthier?

- Eat 5 portions of fruit and vegetable a day.
- Exercise daily.
- Go to the gym.
- Walk places instead of taking the car.
- Use the offers to save money on fruit and vegetables.
