## **Children & Young People's Summer Activities Programme** **July and August 2010**

Welcome to the Gloucester City 'Summer Activity Programme 2010', which gives information on the exciting and diverse range of events, activities, and opportunities that are available for children and young people in the city.

The information is arranged to give details of activities that are available in most communities and neighbourhoods along with contact details of how to find out more on each opportunity or event

The activities are arranged and delivered by a number of organisations including sport, arts, play and youth organisations.

In compiling the information we have tried to include as many of the activities that we know are taking place, but there are no doubt more that are happening. If you know of any that are not included, please get in touch and we will make sure your organisation is included in future.

The information has been gathered and publicised for the Gloucester Partnership and the Children and Young People's Action Group (CYPAG), by Gloucester City Council Sports Development Service, in meeting its aim to make it easier and more enjoyable to be a young person in Gloucester.
